

## LE CABERNET 2020

**VARIETY:** Cabernet Sauvignon 100%.

**VINEYARD:** Llano Colorado and Rincón de Guadalupe, Valle de San Vicente.

**WINEMAKING:** The entire vinification process takes place into oak barrels, so the aromatic potential of grapes is completely preserved. This technique is called vinification Integrale®. Therefore, we achieve a better integration of the oak in a more gentle extraction. All our Reserva wines have complex bouquets and the optimal balance between fruit and oak.

**AGING:** 18 months in 80% new French oak barrels.

**TASTING NOTES:** Red garnet color with ruby rims. Expressive nose, broad aromatic profile characteristics of the varietal with the classic bell pepper notes, black berries, cranberries, pasilla chile, licorice, with hints of rose petals, black pepper with an herbaceous expression. Great body, firm tannins, and excellent acidity. Its roundness and freshness gives it an incredibly elegant and vibrant finish.

**PAIRING:** Charcuterie, game meats, sauce dishes.

**IDEAL SERVING TEMPERATURE:** 60° - 64° F

**BODEGAS HENRI LURTON**
